

# Increased quality in education and nursing in early childhood through participation

Motala municipality

SERN May 2017

# Welcome to Motala municipality

- LUP The Movie  
<https://vimeo.com/216462842/ea128f0544>

## The common vision of the education system

- Preschools in Motala municipality:
  - 40 preschools
  - 2300 children
  - 450 employees
- Our vision:
  - ”We will support each individual regardless, so that everyone can achieve the goals”***
  - ”All units in education must maintain and develop a professional organization”***
- Swedish preschool - high quality
- More knowledge oriented preschool demands high competence of the educators
- ICDP – long term goal and work throughout the organization

## International Child Development Programme

- ICDP – an international foundation
- Started in 1985, international foundation from 1992
- The programme is used worldwide
- Founded in Norway by professors Karsten Hundeide and Henning Rye

## Core values of ICDP

- **Ethics:** Human care by activating empathy and education of caregivers and children
- Research and science
- Simple and culturally adapted programme for caregivers
- The UN Convention of the rights of the child
- A WHO mental health programme
- ICDP cooperate with UNICEF
- Significance of ICDP

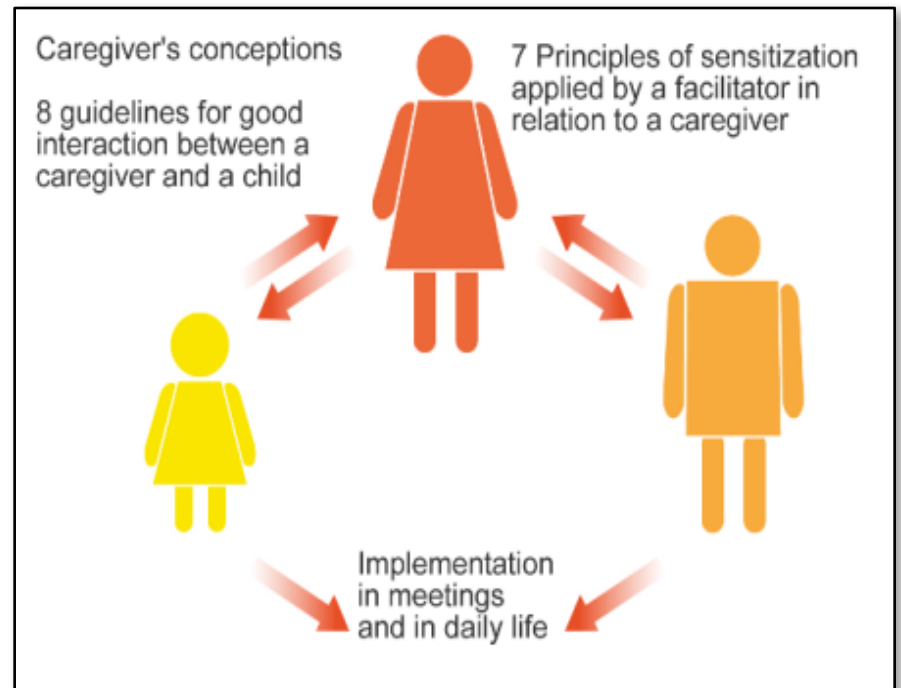

## ICDP in Sweden and Motala municipality

- Registered in Sweden in 2000
- **2006-2009:** Me and a colleague was trained in ICDP. We started training staff in preschool
- **2011-2012:** Wider education in both school and social services
- **2013-2017:** All personnel in the education system trained in Level One
- **Goals in the project:**
  - To increase leadership in the classroom and in the children's group
  - To meet all children and see needs and development opportunities rather than problems

## Parents

- Offered to participate in groups
- We assume parts of the programme
- **Goal:** Bring to surface the caregivers inner resources by creating a warm, human environment where people can express themselves, reflect, explore different ways of thinking and new ways to interact with the child and the society

## Mutual language

- Teachers and parents trained in same programme
- Common focus and language - best interests of the child
- Preschool important part of society
- Share values and mutual learning
- Groups with interpreters present

## Golden moments - thoughts from parents

"I see my child in a more positive way"

"I´m not alone"

"I´ve learnt to trust my ability as a parent"
