Community Education Pact

School is the heart of our community, our children the priority of institutions.

Recognizing these values as common is rooted in the collaboration that for many years the Comprehensive Institute "Don Dossetti" of Cavriago and the Municipal Administration carry out, aimed in particular at the implementation of projects for the maintenance, qualification, development and promotion of actions aimed at creating rich and integrated educational opportunities for children and young people in the area, all based on the assumption that a mature and democratic society must invest heavily on the new generations.

Francesca Bedogni
Municipality of Cavriago (RE)

What is it

A document indicating the projects and activities carried out within the primary and secondary school and promoted by subjects active in the 'educating community': the municipality, associations, informal groups, sports clubs and businesses that are interested in the future of the children of Cavriago.

Anno scolastico 2022-2023

What is it

With the **Scholastic Year 2022/23** this formula of promotion of educational projects is tested for the first time, replacing the Memorandum of Understanding that has always been signed in recent years only by the City and the Comprehensive Institute "Don Dossetti".

The transformation from the Memorandum to the **Community Education Pact** is not only lexical but substantial: all the actions implemented by the community to support the school are valued within the Covenant, and **all parties involved sign to ensure their support**.

Every commitment made through the Pact does not remain a "statement" but finds specific expression within the programming of the different institutions: for example for the Comprehensive Institute the P.T.O.F. and the Annual Program, for the Municipal Administration the legislative program and the approval of the municipal budget and the PEG.

It is no longer a matter of listing actions and, in relation to them, defining the "who does what or who pays what", it is a matter of **creating the conditions for the entire educational community, the entire territory, to bring innovative and enriching contributions within the school activity**.

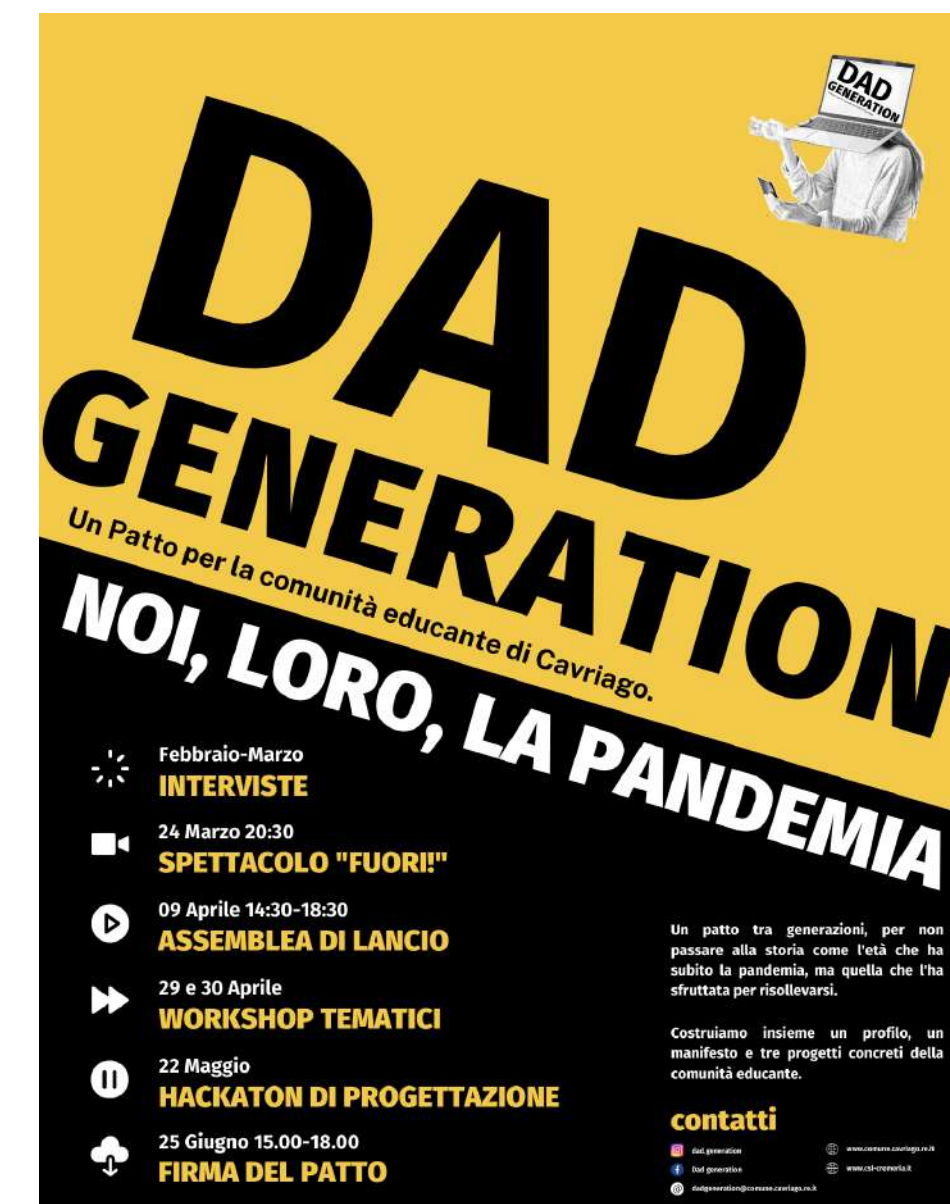

The origin: DAD Generation project

To strengthen and enhance the contribution that the territory in its various articulations expresses within the school, between January and June 2022 was realized the project DAD Generation, funded by the Emilia Romagna Region in the context of the call for proposals with the aim of intervening on this educational pact of communities integrating their contents.

DAD generation is a path of participation that arises from an instance that Tavolo Educare, CSL La Cremeria and the Municipality of Cavriago shared to bring to the attention the urgency of the youth unease that emerged during the pandemic, with particular attention to the issue of social withdrawal, school dropouts and sports.

The goal of the project is to go and talk with children, parents, teachers, coaches, educators, voluntary associations and anyone involved in education and youth in Cavriago, to understand what has changed in their lives because of the pandemic and to think with them of strategies to get out of this difficult period.

This Community Educational Pact refers to the values of this Agreement, as well as collecting and giving concreteness to some concrete projects emerged from the path of Dad generation.

DAD GENERATION
Un Patto per la comunità educante di Cavriago.

NOI, LORO, LA PANDEMIA

Febbraio-Marzo
INTERVISTE

24 Marzo 20:30
SPETTACOLO "FUORI!"

09 Aprile 14:30-18:30
ASSEMBLEA DI LANCIO

29 e 30 Aprile
WORKSHOP TEMATICI

22 Maggio
HACKATON DI PROGETTAZIONE

25 Giugno 15.00-18.00
FIRMA DEL PATTO

Un patto tra generazioni, per non passare alla storia come l'età che ha subito la pandemia, ma quella che l'ha sfruttata per risollevarsi.

Costruiamo insieme un profilo, un manifesto e tre progetti concreti della comunità educante.

Who signed the Pact

- Municipality of Cavriago
- Comprehensive Institute "Don Dossetti"
- Special Company "CavriagoServizi"
- Parents' representatives of the CI "Don Dossetti"
- Informal group "Educating, a question of community"
- Anpi Cavriago
- Cultural association "Carmen Zanti"
- Cultural association ScambiaMente
- Informal group "Un filo che unisce Cavriago"
- Theatre and Cinema "Novecento"
- Polisportiva "I care" Cavriago
- "Le Gazze" Volleyball club
- Cycling club Cavriago
- Tennis club Cavriago
- AVL Italia Srl
- Solimè Srl

Objectives

- confirm the application of school autonomy, to be understood as "solidarity autonomy", always preferred according to the Final Report of the group of experts mentioned above. In fact, the Final Report defines solidarity autonomy as "...a path of school autonomy that is solidaristic and that is aimed at connecting more closely the school institution with the territorial context. In this sense autonomy is, at the same time, integrated into the national education system, but capable of building a close relationship with the territory of reference."
- consolidate the numerous opportunities for cooperation that already exist;
- carry out interventions that are consistent, systematic and consistent with the priorities defined in Agenda 2030;
- collaborate in the consolidation of the educational community;
- create the conditions for a constant check on the expected results and for a continuous search for innovation;
- enhance the commitment, skills and work of teachers and staff operating within the school indisputably motor of any educational, transformative and innovative action within the school; document indicating the projects and activities carried out within the primary and secondary school and promoted by subjects active in the 'educating community':

Main projects

Educate to reading:

- Visits and meetings with classes in the library
- Book loan and loan of artworks to classes
- Multiplo off: activation of a space within the primary school that provides for the presence one/two mornings a week of a librarian of the Multiple. The activation of this space will allow students and teachers to provide support in projects of education to reading, in research and bibliographical provision, in the management of materials borrowed from classes
- Workshops on empathy and affectivity, multilingualism, multilingualism, fake news
- Reading championship
- Meetings with authors
- Bookcrossing

Educate to playing:

- Loan of games of society to the classes
- Workshops of board games

Main projects

Educate to art:

Allegra con brio: workshops for the teaching of art

Educate to cinema and theatre:

- Children's theatre festival
- Projection of movies for schools: the titles of the films are chosen by the teachers with the advice, if required, of Multisala Novecento
- Theatrical course on emotions and affectivity. The goal is to offer an opportunity to re-learn to relate to others, promote sociality, the relationship in a group, the ability to express what you feel, dissolving the knots of emotions that have created during the pandemic

Main projects

Educate to digital:

- Coding lab with scratch and makey makey
- Games and quizzes to help us identify real news and fake news

Educate to music:

- Basic music literacy: the course aims to bring students closer to the world of music and to spread the musical culture with a playful and experiential approach
- White voices school choir

Main projects

Educate to sport:

- Campioni per la vita is a project that promotes the integral formation of the person, putting in tune body and mind, allowing children and young people to experience their motor skills through the recreational dimension of sport
- Project to contrast the abandonment of sport: projection of movies on sports champions

Educate to local history:

- Guided tours to the Napoleonic cemetery
- Guided tours of the places of resistance of Cavriago
- History laboratories with Anpi and Istoreco
- Viaggio della Memoria

Main projects

Educate to environmental sustainability:

- “Rebel horticulture and resistant women’s garden” project to educate
- to environmental sustainability and gender equality
- AVL Green and Summer Camp: meetings with the company’s engineers
- at school and workshops in the company for the realization of a project

Educate to legality, institutions and security:

- Prevention to gambling
- Road education projects
- Week of legality
- Participation in institutional ceremonies (25 aprile, 2 giugno, 4 novembre, 25 novembre)

Main projects

- **Project “School Phycology”** providing consultants within the school that can offer training and support to teachers, children, parents
- **Support for diversity**, with the objective to promote and improve knowledge of the problems of people with disabilities to activate processes that lead to a serene integration of all diversity
- **Realization of school access** through the payment of books and providing the appropriate tariff facilities
- **School transport**
- **School supervision service** (early entry) for Primary School
- **Canteen service**
- **Provision of educational and consumer materials**
- **“Widespread school project”**: the Municipality grants for the school year 2022/2023 the free use of some municipal spaces, on the basis of the programming and the requests of the Comprehensive Institute, with a view to consolidating the "widespread school" model in order to propose new educational content and educational and learning experiences in synergy with the same learning places.
